

April 2017

Dear Passport Business Solutions™ Customer:

By renewing your PBS license and staying current on Passport's Update Program (PUP) you can continue to maintain the value of your original investment and receive the following benefits:

- Payroll, Accounts Payable and Affordable Care Act (ACA) compliance with the latest reporting requirements.
- PBS v.12.05, PSI's upcoming release that is packed with software enhancements, features and functions including field expansions to help save you time and money.
- Access to upgrading to PBS SQL, Passport's PBS Mobility add-on module and powerful new reporting tool, Query Builder™ with SSRS reporting.
- The latest enhancements and updates assist in keeping support requirements down.
- Microsoft Windows 10.x compatibility and support.
- Free online webinar training and User Newsletter.
- Price protection. As long as you stay current on PUP your percentage rate never goes up.

With these benefits, we encourage you to maintain your Passport Update Program and safeguard your PBS™ software investment. **Renew today.**

Please check out our NEW Passport corporate website at [www.pass-port.com](http://www.pass-port.com).

We appreciate your business.

The Passport Team

*Passport's mission has always been to help our customers grow and improve efficiency and profitability by providing innovative software enhancements.*
