

November 2017

Dear Passport Business Solutions™ Customer:

By renewing your PBS license and staying current on Passport's Update Program (PUP) you can continue to maintain the value of your original investment and receive the following benefits:

- **New PBS v.12.05**, that is packed with software enhancements, features and functions including field expansions and the ability to email pay advices or direct deposit remittances –all to help you save time and money. Check out PBS v.12.05 here. <https://www.screencast.com/t/aT66XnKi8eQ5>
- Payroll, Accounts Payable and Affordable Care Act (ACA) compliance with the latest reporting requirements. Year-end updates will be available by the end of October.
- Access to upgrading to PBS SQL, Passport's PBS Mobility add-on module and powerful new reporting tool, Query Builder™ with SSRS reporting.
- The latest enhancements and updates assist in keeping support requirements down.
- All PBS customers have free access to our new **Resource and Training site**, but only PUP-current users can take advantage of Passport's training videos.
- Free online webinar training and User Newsletter.

With these benefits, we encourage you to maintain your Passport Update Program and safeguard your PBS™ software investment. **Renew today.**

Please check out Passport's corporate website at www.pass-port.com.

We appreciate your business.

The Passport Team

Passport's mission has always been to help our customers grow and improve efficiency and profitability by providing innovative software enhancements.
