

April 2018

Dear Passport Business Solutions™ Customer:

Staying current on Passport's Update Program (PUP) safeguards your PBS™ software investment and provides you with peace of mind that your system is running properly.

Why renew your PBS license?

- PBS version 12.06 is coming! Expanded field sizes, SSRS reports, new custom forms programs as PDF form fill documents and more, all to help you work more efficiently.
- Keeping your PBS up-to-date helps keep support requirements and costs down.
- All PBS customers have free access to our new [Resource and Training site](#), but only PUP-current users can take advantage of Passport's training videos.
- Payroll, Accounts Payable and Affordable Care Act (ACA) compliance with the latest reporting requirements are updated throughout the year.
- Need new functionality? PBS SQL, add-on modules such as Passport's Mobile app and powerful new reporting tool, Query Builder™ with SSRS reporting are available to PUP current customers.

With all these benefits, we encourage you to **renew today!**

Please visit [Passport's website](#) to view all our products and services.

We appreciate your business.

The Passport Team

Passport's mission has always been to help our customers grow and improve efficiency and profitability by providing innovative software enhancements.
