

February 2019

Dear Passport Business Solutions Customer,

Wouldn't it be wonderful if your company's business software could keep up with the advance of technology but still be familiar and easy to use? That is the goal of Passport's Update Program.

Staying current on the Passport Update Program (PUP) keeps your software current and compatible with the demands of advancing technology and maintains the value your PBS software license investment. Benefits include:

- Passport's latest release - PBS version 12.06 delivers expanded customer and vendor contact field sizes, SSRS* reports, new custom form options, and more. The new features in v.12.06 help you work more efficiently and manage your operation with greater insight.
- New! PBS Pack-N-Ship and E-Commerce optional add-ons. Discover how efficient your online business can be. Available only for PBS v.12.06.
- All PBS customers have free access to our user-focused [Resource and Training site](#), but only PUP-current users can Passport's in-depth product training videos.
- Running PBS Payroll, Accounts Payable, or Passport's Affordable Care Act (ACA) compliance software? You automatically have access to software updates for the latest mandated reporting changes throughout the year.

We encourage you to renew your Passport Update Program today!

We appreciate your business.
